DETAILED ACTION

This is in response to amendment after final filed on 8/5/04 in which claims 1, 3, 5, 7, 10-14 and 20-21 are pending. The applicant's arguments and amendments have been considered and entered therefore this case is in condition for allowance. In addition the pending claims have been renumbered as 1-11, respectively.

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: the prior arts of record fail to anticipate or render obvious the following recited features: The phase distortion characteristic responsive to an input power level of the send signal and of a substantially constant level when the input power level of the send signal is less than a first threshold and said distortion estimator for estimating a indicia of distortion of the send signal due to amplification thereof by the amplifier, the indicia of distortion at least related to a normalized, standard deviation of differences determined between values of the symbols, prior to amplification by the amplifier and subsequent to amplification by the amplifier as recited in independent claims 1, 13 and 21.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Art Unit: 2631
